Rescue Me Lord

```
        E                    E/G#
(vs)  I love you Lord,  I need You more
      A                         B
       more than I know I need You, come rescue me
                    (repeat)

(ch)           E                 E/G#
         Rescue me Lord, Take me away,
           A                 B
         Bring me to You, This is my prayer Lord.
             E                    E/G#
         Rescue me Lord, Don't pass me by,
           A                       B                          E
         Forgive me my death and bring me, bring me Your life

(vs → ch → vs)

 (br)  A                   E
      So cover up my ways and bring to life
          B             B
      my ever slight bit of righteousness
        A                     E
      And fill me with Your grace
                    B                              A
      Illuminate my darkened skies with Your brightest shining light
          A
      come rescue me from my darkness

(vs → end)
```
